

## Anthroposophical Society in Canada

April 21, 2016

Dear Friends,

We are looking forward to the upcoming AGM in Montreal and warmly encourage you to attend. In this age of emails and many phone conversations, sometimes we forget that we are a Society where meeting in person is so important, and brings a quality not possible through other means of communication.

Please remember that there are funds available for help with travel expenses. You can contact the administrator. ([info@anthroposophy.ca](mailto:info@anthroposophy.ca)).

By the time of our Annual General Meeting, payment of contributions for membership in the Society, or arrangements for paying, should be made. This is a section in our bylaws. We are sending a plea this year for members to take the responsibility and care to respect this provision, and renew their membership by May 21<sup>st</sup>.

We are proposing the names of five Council members to serve for the coming year, May 2016 to May 2017. Douglas Wylie, who has served on Council for 7 years will be stepping down. Judy King, who has also served on Council for 7 years, has agreed to remain for another year. We are grateful for her continued involvement, and wealth of experience. Current Councilor Dorothy LeBaron has agreed to stand again for President, and John Bach for Secretary.

We are proposing two new Council members; John Glanzer from Alberta, and Karen Liedl from Quebec. We have worked with both John and Karen in person, and in our teleconferences, and are very excited about having them join us. John Glanzer has agreed to stand for the position of Treasurer. Please refer to our bylaws to see how Councilors are nominated.

The AGM Draft Minutes from 2015 are posted on the members website, [anthroposophy.ca](http://anthroposophy.ca), under Membership, Members' Area, under "Documents and Archives." You can log in using the password ASC. Reviewed financial statements, and proposed budget will be posted on our website shortly. Please contact the administrator if you wish to receive a printed copy of these documents.

We invite members to communicate with us, in advance of the meeting, about any concerns or questions they may carry about our work together in the Society. Time will be allotted for such concerns or questions at the end of the business part of the meeting.

Warmly,

Dorothy LeBaron,  
President, on behalf of the Council
