Threefolding - An Idea Whose Time Has Come?

At a time when more and more people are unhappy with the state of the world, it can be encouraging to realize that there are other options for how we live together. One potentially fruitful model, often referred to as Social Threefolding, calls for separating the political (legal) system from the economic system and emphasizes the importance of cultural freedom for all. Threefolding also explores what a healthy economic system would look like. Saturday Jan. 14, 1-3 pm, Toronto time. Zoom link: https://us02web.zoom.us/j/8890963537
