KNOW THYSELF: A NATIONAL SURVEY OF THE ASC

Earlier this month an email was sent to all members asking for your participation in a national survey project. As Treasurer Sebastian Bilbao said in his email, "At its

core the Survey aims to reveal to the membership and Council the Cultural, Economic and Governance workings of the ASC in the image of Steiner's Threefold Social Organism. By making these spheres visible and keeping them up to date, the membership and Council will potentially gain insight into the whole and have a better chance to harmonize their intricate interactions and increase activity."

Please take a few minutes and complete the survey. Here is the link to [the survey](#).

Synopsis of the Presentation

The Word, which is also called the 'Logos' in the Prologue of John, represents the divine creative force that is resounding in the cosmic realm and in the soul of all human beings. It is this force that allows us to connect and to speak, the way the Word has spoken in the Beginning and still does. It is this Being who says to every human being: 'I am' so that 'you are'.
